

Rachel's Scam-Proof Job Board Checklist

Version: v3_Q3Patch | Persona: Rachel | FunnelStage: Action-ScamFatigue

- Only apply through verified platforms (use The Ladders, FlexJobs only).
- Never trust job boards that don't show salary or employer info.
- Use a tracker to log every application and employer contact.
- Do a 10-minute vet: search company name + scam + Glassdoor.
- Never pay to apply. FlexJobs is membership-based; Ladders is employer-paid.
- Run your resume through Ladders or IAP before sending - formatting matters.
- Report ghosting or fake listings directly inside your tool dashboard.
